INTERNATIONAL TALENT SEARCH EXAMINATION
2024 - 2025 PRACTICE PAPER

CLASS – II

SUBJECT – COMPUTER

1. Which one of the following parts of the computer looks like a television screen?
A) CPU
B) Monitor
C) Keyboard
D) Mouse
E) None of these

2. Which one of the following features of a computer is useful for playing videos after saving the video files in the computer?
A) It can think
B) It can work without electricity
C) It can store information
D) It can make its own decisions
E) None of these

3. Given below are the parts of a computer and its functions. Match the two columns.

   A   B
   1. Monitor   i. Work like a typewriter
   2. CPU   ii. Resemblance with the mouse
   3. Mouse   iii .Display the commands
   4. Keyboard   iv. Work like a brain

A) 1→ iv, 2 → iii, 3→ ii, 4 → i
B) 1→ i, 2→ ii, 8→ iii, 4 → iv
C) 1→ iii, 2 → i, 3→ ii, 4 → iv
D) 1→ iii, 2→ iv, 3→ ii, 4 → i
E) None of these

4. A computer gives output after performing necessary task. Which one of the following parts of a computer executes the logical or arithmetic instructions?
A) Monitor
B) CPU
C) Mouse
D) Keyboard
E) None of these

5. The _____ is a wonderful electronic machine that can perform various office tasks and make our life easier.

A)

B)

C)

D)

E) None of These

6. Read the following statements:
   Statement: 1. The keys of computer keyboard are marked with letters and numbers.
   Statement: 2. The computer keyboard has special keys.
   Statement: 3. The keyboard keys has number keys.Which one of the following is correct about the above statements?
   A) Statement 1 is true
   B) Statement 2 is true
   C) Statement 3 is true
   D) All are correct
   E) None of these

7. What is the use of the following back and forward arrow in the webpage?
   A) To visit previous and next webpage,
   B) To scroll the current page
   C) To minimize the current page
   D) All of these
   E) None of thes

8. Consider the following statements:
   Statement: 1. Better keyboard skill gives best productivity.
   Statement: 2. The upper row of the keyboard contains function keys.
   Statement: 3. The keyboard contain 26 alphabets keysWhich one of the following is correct about the above statements?
   A) Statement 1 is true and 2 is false
   B) Statement 1 is true
   C) Statement 3 is true
   D) All are correct
   E) None of these

9. Where does the first finger of the left hand should be placed to place the little finger of the left hand on key A of the keyboard?

A) F

B) D

C) P

D) O

E) None of these

10. What keys do you use to move the cursor around your text?

A) Enter

B) Arrow keys

C) Ctrl Shift

D) Enter

E) None of these

11. Which one of the following keys of keyboard is assigned for the little finger of left hand?

A) A

B) Number keys

C) Both [b] and [c]

D) None of these

12. Which one of the following is called parentheses?

A) ()

B) *

C) ^

D) Q

E) Z

F) All of these

G) None of these

13. What is the function of the centre wheel of the mouse?

A) Scroll

B) Enter

C) Both A and B

D) Shift

E) None of these

14. The keyboard consists of

A) Memory

B) Function keys

C)

D) !

E) None of these

15. Read the following statements:
    Statement: 1. The start menu contains programs.
    Statement: 2. The start menu contains system files.
    Statement: 3. The start Menu contain power button to shut down the system.Which one of the following is correct about the above statements?
A) Statement 1 is true and 2 is false
B) Statement 1 is false and 2 is true
C) Both statements are true
D) Both statements are false
E) None of these

16. Match the following Column A with column B:
Column A	Column B
1.Data	i. 129 c
2.Alphanumeric	ii. Three types
3.Special character	iii. @
A) 1→ii, 2→i, 3→iii
B) 1→iii, 2→ii, 3→i
C) 1→i, 2→ii, 3→iii
D) 1→iii, 2→i, 3→ii
E) None of these

17. Which one of the following is correct about the given statements?
1. 1024 byte is equal to one kilobyte.
2. One gigabyte is equal to 2024 kilobyte.
3. One kilobyte is equal to 1024 megabyte.
4. 8 bytes is equal to one bit.
A) Only 2 and 3
B) Only 1
C) All are correct
D) All are incorrect
E) None of these

18. Which one of the following is meaningful Information?
A) Red, Blue, Green
B) 3, 6, 8
C) The car is red
D) A, B, C
E) None of these

19. In which one of the following computer languages, the program is converted by using the two numbers, 0 and 1 only?

A) Assembly language

B) High level language

C) Visual basic

D) Machine language

E) None of these

20. Given below the statements: Which of the following statements are incorrect?

1. The organized or processed data is called information.

2. Binary system uses 0's and 1's.

3. Alphanumeric data use only numbers.

A) Only 3

B) 1 and 2

C) Only 2

D) All of these

E) None of these

21. Jack, Jill and John are discussing about the Storage unit of the computer.
Jack: CPU stores all the data and instructions temporarily in the memory unit or RAM. All the arithmetic operation is stored in ALU.
Jill: Central processing unit stores all data and instruction in the control unit and it never uses any other storage device.
John: CPU is also known as brain of computer. What do you conclude from the above conversation?

A) Jill is correct

B) Jack is correct

C) John is correct

D) Jack and John are correct

E) None of these

22. Computer has two types of memory: Primary memory and Secondary memory. Few examples of primary and secondary memory are given below. Match them correctly:

1.	Primary	i. RAM
		ii. CD
2.	Secondary	iii. ROM
		iv. Hard Disk

A) 1→i, ii, iv, 2 → iii

B) 1→i, iii, 2→ ii, iv

C) 1→iii, 2→i, ii, iv

D) 1→ii, iv, 2→ i, iii

E) None of these

23. Information is ___.
A) Processed data
B) Unprocessed data
C) Facts
D) Both [a] and [c]
E) None of these

24. Read the following statements: Which of the following statements are correct?
1. Data is a collection of facts from which conclusion may be drawn.
2. Alphanumeric data is used to represent only special alphabets.
3. There are six types of data.
A) Statement 2 and 3
B) Only statement 1
C) Only statement 3
D) All are correct
E) None of these

25. A collection of facts such as test scores, drawing, photographs and figures is called:
A) Data
B) Process
C) Quantity
D) Product
E) None of these

26. Which one of the following parts of the computer looks like a television screen?
A) CPU
B) Monitor
C) Keyboard
D) Mouse
E) None of these

27. Which one of the following features of a computer is useful for playing videos after saving the video files in the computer?
A) It can think
B) It can work without electricity
C) It can store information
D) It can make its own decisions
E) None of these

28. Given below are the parts of a computer and its functions. Match the two columns.

A	B
1.Monitor	i.Work like a typewriter
2.CPU	ii.Resemblance with the mouse

3.Mouse   iii.Display the commands

4.Keyboard   iv.Work like…

29. Read the given statements. Which of the following statements is/ are correct?

1. In Bank, customers are increasing day by day, so computer helps in maintaining accounts of the customers.

2. Computer is a machine that's why it is not used in hospitals.

3. You can draw pictures, make greeting cards and do a lot of other funny things.

A) 1 and 3

B) 2 and 3

C) 2 and 3

D) All of these

E) None of these

30. Acronym is widely used in computer as it is convenient to use. What is the acronym of PC?

A) Per Computer

B) Person Calculator

C) Personal Calculator

D) Personal Computer

E) None of these

31. Given below are the use of computer in Railway and Airlines. Which of the following are correct?

1. Now a day, we get e-tickets, hence computers are used for reservation.

2. We cannot use a computer as a tutor because a computer is an electronic device.

3. Computers are used for staff training in railways and airlines.

A) 1 and 2

B) 2 and 3

C) 1 and 3

D) All are correct

E) None of these

32. Most of the banks use computers for providing many facilities to the customers. Which of the following is/ are provided by banks?

A)   Information about Arms and Ammunition to the customers.

B) Numbers of patient admitted.

C) Provide account statement on demand.

A) i and ii

B) ii and iii

C) Only iii

D) All are correct

E) None of these

33. Match the sectors and uses of the computers in that sectors:

1. Education   (i)   Movies
2. Entertainment   (ii)   Diagnose diseases
3. Hospitals   (iii)   Learning

A) 1→iii, 2→i, 3→ii
B) 1→i, 2→ii, 3→iii
C) 1→ii, 2→i, 3→iii
D) 1→iii, 2→ii, 3→i
E) None of these

34. A device which is not connected with a computers is known as:
A) off-line device
B) on-line device
C) Workstation device
D) All of these
E) None of these

35. In Airlines and Railways computer are used for tickets. Which one of the following is correct about the another use of computer in airlines and Railway?
A) Controlling the traffic
B) updating the time table
C) keeping records of passengers
D) All of these
E) None of these

36. Which statement is incorrect?
A) Computers can be used to control traffic at Airport as well as Railways.
B) Computers can be used in Banks
C) Computers help scientists to launch a satellite and control it from work stations.
D) We can?t watch movie and play games on computer.
E) None of these

37. A type of computer is used for withdrawing the money/ The name of that machine is:
A) CAT
B) ATM
C) Bank
D) CAD
E) None of these

38. Read the following statements:

Peter: A computer can be used to listen the music.

John: A computer can also be used watch the movie.

Sunila: A computer can also help student in their learning.

A) Peter is correct

B) John is correct

C) Sunila is correct

D) All are correct

E) None of these

39. A folder within a folder is known as _

A) Sub file

B) Subdirectory

C) Mini folder

D) Sub folders

E) None of these

40. Computer counts each word and stores it into memory. One digit in binary number system is called ___.

A) Bit

B) Byte

C) Sub bit

D) Nibble

E) None of these

41. What is the standard Unit of Measurement of computer memory?

A) Bit

B) Byte

C) Nibble

D) Digit

E) None of these

42. Fill in the blanks: 1. __is the temporary memory of a computer. 2. Two most important primary memory units are__ and__. 3. Secondary memory is also known as ___.

A) RAM, RAM and ROM, Auxiliary memory

B) Auxiliary memory, RAM and ROM, Backup memory

C) Cache memory. Auxiliary memory and ROM, Backup memory

D) ROM, RAM and ROM, Primary memory

E) Cache, RAM and ROM, Primary memory

43. Given below the statements about RAM and ROM Identify the correct one. 1. ROM is said to be volatile since its contents are accessible only as long as the computer is on. The contents of RAM are cleared once the computer is turned off. 2. RAM is a special type of memory which can only be read and contents of which are not lost even when the computer is switched off. 3. Random Access Memory is the central storage unit in a computer system.

A) 1 and 2

B) 2 and 3
C) Only 3
D) All of these
E) None of these

44. Word pad not contain this item of the group:
A) Clipboard
B) Font
C) Paragraph
D) Image
E) None of these

45. To change the existing file name and location of the file which menu is use:
A) File
B) Edit
C) View
D) Home
E) None of these
