# INTERNATIONAL TALENT SEARCH EXAMINATION
## 2024 - 2025 PRACTICE PAPER

## CLASS – V
## SUBJECT – COMPUTER

1. An excel file which contains several worksheets is referred as a workbook. Spreadsheet helps in_____.
A) Preparing invoice
B) Creating business planning
C) Financial accounting
D) All of these
E) None of these

2. In which of the following disciplines multimedia modelling of research processes is/are used?
A) Surface examination
B) Biology
C) Engineering
D) Medicine
E) All of these

3. A small amount of memory included in the processor for high speed access is called
A) Register
B) Cache
C) RAM
D) ROM
E) None of these

4. Secondary storage device is needed to:
A) Perform arithmetic and logical calculations.
B) Store small value of data.
C) Print output results.
D) Store large volumes of data and programs that exceed the capacity of the main memory.
E) None of these

5. Choose the most appropriate correct statement.
A) Now () can be used to display the current date.
B) Now () can be used to display the current time.
C) Now () can be used to display the current date as well as the current time in the same cell.
D) Now () is not a excel function.
E) None of these

6. Given below are the names of different computers and their uses. Match the two columns.

| Column I | | Column II | |
|---|---|---|---|
| 1. | Analog | i. | Used in scientific application. |
| 2. | Digital | ii. | Works on analog signal. |
| 3. | Hybrid | iii. | Used in every field. |

A) 1→iii, 2→ii, 3→i

B) 1→i, 2→ii, 3→iii

C) 1→ii, 2→i, 3→iii

D) 1→ii, 2→iii, 3→i

E) None of these

7. You must have ___ installed to view "pdf" files.

A) Adobe Photoshop

B) Adobe acrobat

C) Adobe presenter

D) All of these

E) None of these

8. Intersection of rows and columns are called:

A) Cell

B) Data

C) Name field

D) Table

E) None of these

9. A sequence of instructions, in a computer language, to get the desired result is known as:

A) A decision table

B) An algorithm

C) A program

D) All of these

E) None of these

10. Hand symbol cursor is shown on ____.

A) Bookmark

B) Footnote

C) Page note

D) Hyperlink

E) None of these

11. Which one of the following is not an input device?
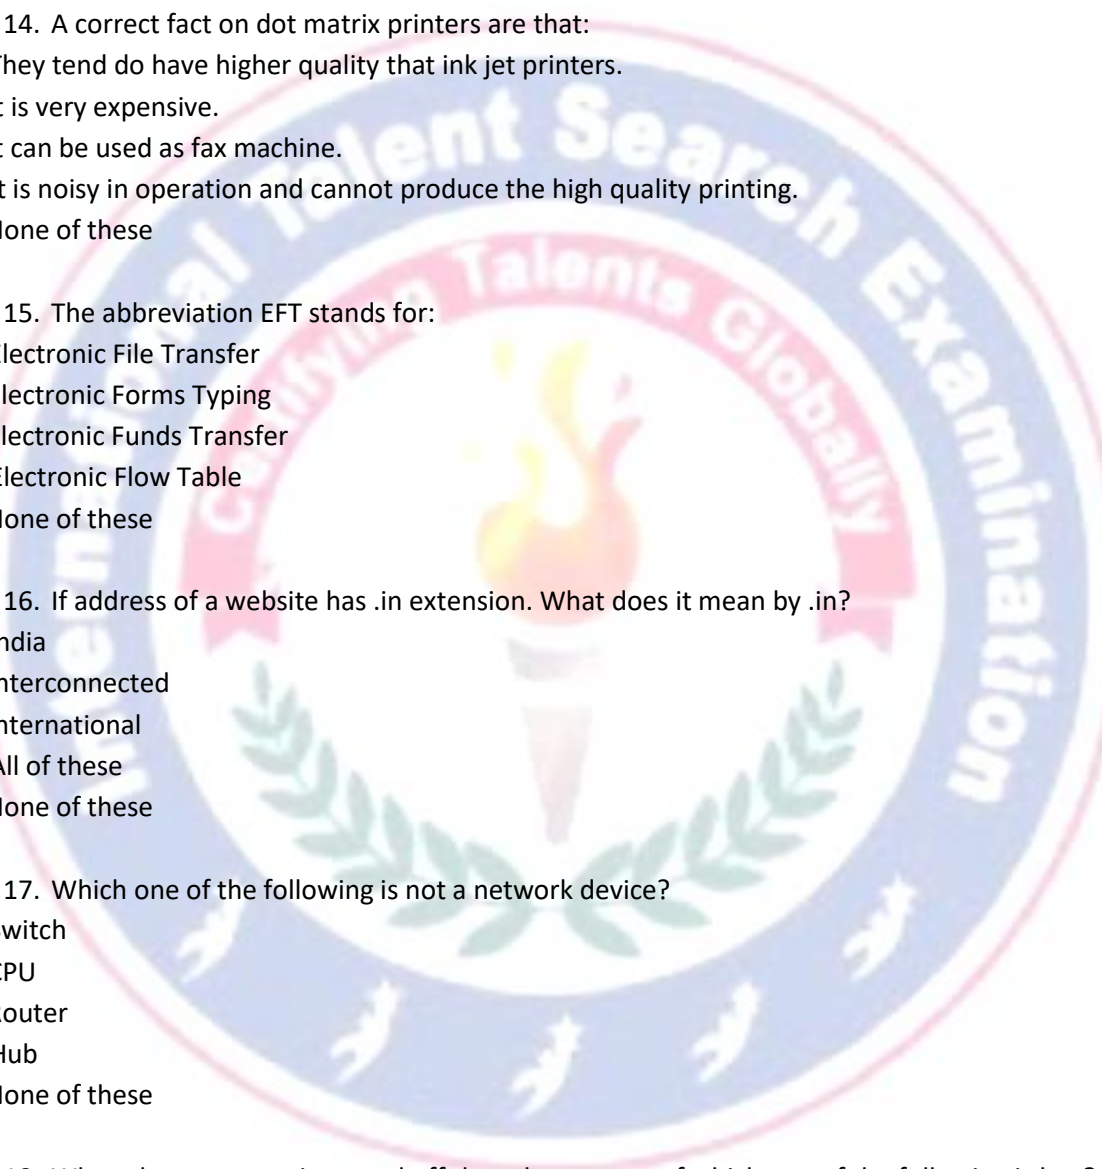

A) Scanner

B) Mouse

C) Printer

D) All of these

E) None of these

12. In Windows 10, what is the shortcut key to take a screenshot of entire display and save?

A) Shift+PrtScrn

B) Windows key+PrtScrn

C) Ctrl+PrtScrn

D) All of these

E) None of these

13. The operating system is the most common type of _____ software.

A) Utility

B) Application

C) Both (a) and (b)

D) System

E) None of these

14. A correct fact on dot matrix printers are that:

A) They tend do have higher quality that ink jet printers.

B) It is very expensive.

C) It can be used as fax machine.

D) It is noisy in operation and cannot produce the high quality printing.

E) None of these

15. The abbreviation EFT stands for:

A) Electronic File Transfer

B) Electronic Forms Typing

C) Electronic Funds Transfer

D) Electronic Flow Table

E) None of these

16. If address of a website has .in extension. What does it mean by .in?

A) India

B) Interconnected

C) International

D) All of these

E) None of these

17. Which one of the following is not a network device?

A) Switch

B) CPU

C) Router

D) Hub

E) None of these

18. When the computer is turned off then the content of which one of the following is lost?

A) Memory

B) Output

C) Input

D) Registers

E) None of these

19. Seek time is:

A) Time to position the head over proper sector.

B) Time to position the head over proper track.

C) Time to position the head over proper cylinder.

D) Time to position the head over proper disk.

E) None of these

20. In which of the following form data are stored in computer?

A) Decimal

B) Binary

C) Octal

D) Hexadecimal

E) None of these

21. A website is ____.

A) A software application for retrieving, Presenting, and traversing information resources on the World Wide Web.

B) A collection of web pages related to the same topic.

C) A computer program that delivers (serves) content, such as web pages, using the Hypertext Transfer Protocol (HTTP), over the World Wide Web.

D) All of these

E) None of these

22. When people who use the Internet Communicate with each other, anywhere in the world, it is known as ____.

A) Internet surfing

B) Internet gaming

C) Internet chatting

D) All of these

E) None of these

23. Roger is working on worksheet. It contain three sheets. Each sheet contains different type of data. So according to data he wants to put name of sheet. What steps Roger will perform to change the name of sheet?

A) Click Home tab → Cells group → Format → Rename sheet

B) Left click on the sheet name and select the rename option

C) Click Page layout → Rename

D) Both (a) and (b)

E) None of these

24. GUI stands for:

A) Graph Use Interface

B) Graphical Universal Interface

C) Graphical User Interface

D) Graphical Unique Interface

E) None of these

25. One byte is equal to how many bits?

A) 4 bits
B) 8 bits
C) 12 bits
D) 16 bits
E) None of these

26.  To send and receive e-mails, you have to first _____ your email account.
A) Sign out from
B) Log-off
C) Log-in to
D) Delete

27.  Search engines search for websites based on ___.
A) File
B) Information
C) Keywords
D) Data

28.  What are the advantages of e-mail?
A) Speedy message sending process.
B) Can be sent to multiple people at the same time.
C) Different types of media can be sent.
D) All of these

29.  Identify the following:
- This option is displayed on opening any mail.
- It is used to answer or send a response of an e-mail message.
A) Forward
B) Compose
C) Archive
D) Reply

30.  Identify the following:
- It is also referred to as a web address.
- It specifies the internet address of a file stored on a host computer or server connected to the internet.
A) Web browser
B) URL
C) DNS
D) Hyperlink

31.  What is the full form of MPEG?
A)  Motion Pictures Expert Group
B)  Moving Picture Experts Group
C)  Motion Pictures Expanding Group

D) Motion Page Expanding Group

32. What is the default buffering time for windows media player?

A) 10 sec

B) 2 sec

C) 4 sec

D) 5 sec

33. What does JPEG stand for?

A) Joint Picture Expert Group

B) Joint Picture Enhancing Group

C) Joint Photographic Experts Group

D) Joint Photo Expert Graphic

34. An equalizer allows you to control the ___ of the songs you are playing.

A) audio volumes

B) audio frequencies

C) audio extensions

D) audio noise

35. What do you call the tiny dots comprising a picture?

A) Images

B) Pixels

C) Matter

D) Points

36. ___ refers to any type of application or presentation that involves more than one type of media, such as text, graphics, video animation and sound.

A) Multimedia

B) Hypertext

C) Hyperlink

D) Both [b] and [c]

E) None of these

37. What does GUI Stand for?

A) Gaming User Interface

B) Graphical User Interface

C) Guidance User Interface

D) Graphical Unit Interface

E) None of these

38. Multimedia is a technique that incorporates:

A) Text

B) Graphics

C) Sound

D) All of these

E) None of these

39. Which one of the following use(s) of multimedia?

A) To develop special effects in moves and animations for cartoon characters.

B) Video games also use multimedia features.

C) Marketing or business also enhance by using multimedia.

D) All of these

E) None of these

40. What are the areas where multimedia applications are used?

A) Engineering

B) Medicine

C) Schools

D) Scientific Research

E) All of these

41. How is multimedia used in the field of medicine?

A) Doctors can get trained by viewing a virtual surgery or by simulating a surgical procedure without endangering the life of a human being

B) Multimedia is heavily used in the entertainment industry, especially to develop special effects in moves.

C) Multimedia games are a popular pastime and these are software programs available either as CD ROMs or online

D) All of these

E) None of these

42. How is e -business is helpful to the customer-client relationship?

A) Improved Speed of Response

B) Improved Efficiency and Productivity

C) Improved Customer Service

D) All of these

E) None of these

43. Multimedia is the presentation of a computer application incorporating media elements such as text, graphics, animation, ___ and video.

A) Audio

B) Movie

C) Books

D) All of these

E) None of these

44. In what areas internet banking is very useful and time saving?

A) Income Tax Portal

B) India Passport Office

C)  IRCTC Portal

D)  All of these

E)  None of these

45.  Interactive Multimedia allows the users to ___ in the application.

A)  Passively Participate

B)  Process Input and Output

C)  Actively Participate

D)  Send Mail

E) None of these
